

## 2022 MACTE Fall Conference: October 24-25

### Teachers Rock! Relationship Optimization Collaboration Know-how

Presentation Code	Time	Presentation Title	Presenter(s)
Keynote	12:00 PM	<b>Uplifting Teaching: Strategies for Recruitment, Development, &amp; Retention</b>	Dr. Kelly Gomez-Johnson
Solving complex problems requires innovative ideas and unified efforts. In recent years, the teaching profession has been uplifted and dismantled, celebrated and abandoned. As teacher educators, we strive to not only prepare future teachers in our programs but inspire and re-energize the profession to meet the demands of our children, their families, and our society. In this interactive presentation, attendees will have the opportunity to share current CHOPs (challenges and opportunities) especially related to recruitment and retention of teacher candidates in Missouri.			
1A	1:00 PM	<b>Deans Meeting</b>	Beth Kania-Gosche, Missouri S&T
<b>Deans Meeting</b>			
1B	1:00 PM	<b>The Champion Method: 3As of School Transformation</b>	Exley, Warren, Dr. , University of Missouri Saint Louis
Every child deserves a champion adult in their school. In order to build champions, we must hold true to our goals to create opportunities for all students so they know they are valued, empowered, and able to achieve their maximum potential in this world. In this interactive presentation, participants will learn how to utilize The Champion Method Framework which is built upon the 3As of school transformation - Access, Advocacy, and Aspiration. Teachers will learn about and apply the 7 principles to transform their school.			
1C	1:00 PM	<b>Having the Know-How to Use Technology Well: Curriculum Alignment with Research-Based Learning Strategies</b>	Lauren Hays, Assistant Professor of Instructional Technology, University of Central Missouri
In this session, the presenter will share how she has revised curricula to teach educators about using technology that is aligned with cognitive science research.			
2A	2:00 PM	<b>Certification Officers Meeting</b>	Tammy Moore, Lindenwood University
<b>Certification Officers Meeting</b>			
2B	2:00 PM	<b>Finding Solutions to Real-World Student-Teacher Challenges Through Nelsonian Socratic Dialogues.</b>	Frank Giuseffi, Assistant Professor of Education and Online Program Manager (EdD Program), William Woods University
This presentation explores how Leonard Nelson's Socratic Method offers student teachers opportunities to ask for guidance, seek solutions, and build consensus about real-world educational issues.			
2C	2:00 PM	<b>Using Street Data in Teacher Preparation Courses to Model Humanizing Ways of Approaching Data Collection in Schools</b>	Dr. Stacie Finley, Assistant Professor, Missouri State University Dr. Amber Howard, Clinical Instructor, Missouri State University Dr. Chloe Bolyard, Assistant Professor, Missouri State University
This session will examine ways data are traditionally used to demonstrate student outcomes and explore possibilities of utilizing street data to transform data usage.			
3A	3:00 PM	<b>MACTE Roundtable: New Teacher Candidates</b>	Beth Kania-Gosche, Missouri S&T
<b>EPPs have reported more teachers of record this semester than years prior. How are you handling the increased workload for university supervisors? How do you handle placements? Are MEES scores consistent with other teacher candidates? What other issues have arisen? Talk about these questions and more at an informal roundtable session.</b>
